

## Public Sample Inspection Report

This is a fictional, public demonstration report created to show the structure and output style of Smokevents Pro Suite without exposing real customer, contractor, contact, address or signature information.

### PUBLIC DEMONSTRATION NOTICE

This sample is generated for marketing and product demonstration only. It uses fictional customer, site, engineer and office review data. It should not be treated as a live inspection record.

### Customer / Site Details

<b>Customer</b>	Example Client Ltd	<b>Site</b>	Demo Building
<b>Address</b>	Public demonstration address	<b>Job Number</b>	DEMO-INS-0001
<b>Inspection Date</b>	Demo date	<b>PDF Generated</b>	Demo date

### LIFE SAFETY SYSTEM CURRENTLY OPERATIONAL

All demonstration assets have been marked GREEN in this public sample. The example shows how the operational status banner appears in a customer-ready evidence pack.

### Report Summary

<b>24</b> Total Assets	<b>24</b> Green	<b>0</b> Amber	<b>0</b> Red
<b>24</b> Assets With Photos	<b>0</b> Flow Rate Readings	<b>0</b> Battery Failures	<b>0</b> Remedial Actions

## Engineer and Office Sign-Off Workflow

This page demonstrates the report sign-off structure without displaying names, live signatures or private contact details.

<b>Inspection confirmation</b>	System inspection and test completed	<b>Yes</b>
	Fire alarm input tested	<b>Yes</b>
	System tested from smoke detector	<b>N/A</b>
	System left in operational working condition	<b>Yes</b>
<b>Engineer sign-off</b>	Engineer	<b>Demo Engineer</b>
	Date signed	<b>Demo date</b>
	Signature	<b>Removed from public sample</b>
<b>Office sign-off</b>	Reviewer	<b>Demo Office Reviewer</b>
	Approval date	<b>Demo date</b>
	Signature	<b>Removed from public sample</b>

## Site / Visit Summary

Example summary: inspection completed using demonstration data. The system status, asset conditions, recommendations and evidence are shown as they would be structured in a customer report, while private notes and internal-only information remain excluded from public output.

## Asset Register By Building

Asset ID	Type	Floor	Area	Condition	Photos
DEMO-001	Control Panel	First	Demo Core 2	Green / Operational	2
DEMO-002	Break Glass	Second	Demo Core 1	Green / Operational	1
DEMO-003	AOV Damper	Roof	Demo Core 2	Green / Operational	1
DEMO-004	AOV Damper	Ground	Demo Core 1	Green / Operational	1
DEMO-005	Fan	First	Demo Core 2	Green / Operational	1
DEMO-006	Smoke Detector	Second	Demo Core 1	Green / Operational	1
DEMO-007	Damper	Roof	Demo Core 2	Green / Operational	1
DEMO-008	Break Glass	Ground	Demo Core 1	Green / Operational	1
DEMO-009	AOV Damper	First	Demo Core 2	Green / Operational	1
DEMO-010	Fan	Second	Demo Core 1	Green / Operational	1
DEMO-011	Control Panel	Roof	Demo Core 2	Green / Operational	1
DEMO-012	Smoke Detector	Ground	Demo Core 1	Green / Operational	1

The full application can output a longer asset register and asset-by-asset evidence pages. This sample is shortened for public website viewing.

## Asset Detail Example

<b>Asset ID / Reference</b>	DEMO-001
<b>Building</b>	Demo Building
<b>Floor</b>	First
<b>Area</b>	Demo Core 1
<b>Asset Type</b>	Control Panel
<b>Condition</b>	Green / Operational
<b>Photos Attached</b>	2 demonstration placeholders
<b>Notes</b>	No live site notes included in this public sample.
